

Early Intervention
CHILD & FAMILY CONNECTIONS
Serving Kane and Kendall Counties

Dear Families,

We'd like to introduce you to our Early Intervention Parent Liaisons. Parent Liaisons are parents of children with delays or disabilities who have experienced Early Intervention Services and are now employed by Day One Network to help you.

Services may include: Providing you with community resources, assistance with transition from Early Intervention to School District Services when your child turns 3 years old, attending meetings with you for support, and just being there to talk and listen.

Our Parent Liaisons are:

Alana Tosheff 630-761-9227 ext.118

Aimee Pfister 630-761-9227 ext.124

Your Service Coordinator will tell you which Parent Liaison has been assigned to work with your family should you be interested in talking with one. Parent Liaisons can talk on the phone or meet your family in person.
